

# Quarters

Specification

**BISLEY**

Developed to provide a haven away from the hustle and bustle of a busy workplace, Quarters booths create a secluded space for individual focused work, a private place to take a call, or a cosy, comfortable meeting space for creative collaboration.

Having an inclusive, light space, where you can also store your belongings is vital for wellbeing. The specialised sound dampening panels envelop the storage component, so individuals are always connected to the hub-bub of the office but have a buffer – a tranquil and relaxing retreat to work in, whether alone or in groups. Uniquely designed with storage embedded for easy access, Quarters ensures that all your belongings are tucked safely away within the booths while you work.

Partnering with British design icon Anglepoise, Quarters has been created to reflect their world-renowned design, with the radius of each Quarters panel and stitch detailing matching that of the iconic Type 80 lampshade, distinguishable by its unique halo light-escape effect.

**BISLEY**   
**ANGLEPOISE**®

# Features & Benefits

**Acoustics** - The outer panels are available in two heights for partial or complete privacy. Sturdy MDF panel cores are surrounded by acoustic and upholstery foam, tested to BE EN ISO 354:2003 Equivalent Sound Adsorption Area and Object Sound Absorption Coefficient.

**Optional USB** - Optional USB type A and C power is available under the seat and at the tabletop height.

**Fabric choices** - There is a huge range of over 400 panel and soft seating fabrics to choose from.

**Security** - Choose from a variety of locking solutions for the storage element including digital, RFID, key and combination locks.

**Storage** - Quarters has been designed to house many of our traditional storage systems including our premium personal storage lockers.

**Customise your space** - There is a breadth of finishes, storage options and accessories to create a unique Quarters for your workspace. Plus choose from seated or standing height desks, or soft bench seating within each booth.

**Anglepoise** - Developed in partnership with Anglepoise - the corner radius and embossed curve design on each panel match that of the Type 80 Lampshade. Each booth is also compatible with the desk and ceiling Type 80 lights.

# Range Overview

## Meeting Booths

---

These multifunctional two, four and six person booths encourage collaboration whilst providing a subtle buffer to the rest of the office.

Below is just a selection of meeting booth options.

## Double Booths

---

As the office becomes a hub for collaboration, Quarters double booths provide practical space for ideas and co-working. Keeping the agile worker in mind, the unique storage element delivers flexibility and peace of mind.

Choose from soft bench seating or sitting and standing height desks, plus an array of storage options

## Single Booths

---

When you need to focus, Quarters single booths provide a private, quiet space with everything you need for maximum productivity. With embedded storage for easy access, power and acoustic panels, concentrated work becomes easy within a bustling office environment.

# Specification Notes

---

All Quarters booths have an open space to the rear suitable for Bisley storage.

Quarters can accommodate any of our storage solutions available in 800mm (31.5”), 1000mm (39.4”), 1600mm (63”) or 2000mm (78.7”) wide. There is a huge array of options, meaning you can choose the type of storage to best suit your needs. Whether that’s personal storage cupboards or drawers, finished in wood or steel.

---

## Power options:

We recommend a minimum of one power module to be ordered with each Quarters booth.

All power modules come with a three pin plug and twin USB as standard. Please ensure the correct code is ordered for the application (either table mounted or under seat).

The power codes listed are for UK power, for alternative power options please replace the last two characters in the code listed with the relevant code below:

For **US** power, swap **'UK'** at the end of the code listed for **'US'**

For **EU** power, swap **'UK'** at the end of the code listed for **'EU'**

## For example:

QBPOWERS**UK** becomes QBPOWERSE**EU**

Please note: One fabric zip up cable tidy will be provided per booth.

---

## Finish options:

### Fabric options:

Quarters booths are available in the below fabric ranges:

- Band one = Gabriel Tonal or Just on screens and seating
- Band two = Gabriel Tonal or Just on screens and Bond on seating
- Band three = Camira Blazer Lite on screens and Camira Blazer on seating
- Band four = Camira Blazer on screens and seating

Please note: If you would like to pick one band for the screens and another band for the seating, pricing will be calculated using the higher of the two bands.

There are over 400 fabrics to choose from, so we have selected 20 that compliment some of our most popular paint colours as a helpful guide.

Please contact your Bisley Representative for information on all the fabrics available.

Table top options:

All Quarters tables are listed based on the Vision wood palette.

Please note: Table leg and brackets will always be black

**Optional extras:**

Accessories

There are a range of accessories available for Quarters booths.

Quarters accessories are available in Black, Light Grey, Slate or Chalk White steel finishes with Natural Kendal Oak melamine only. All other finishes are POA.

Please note: Mosaic hanging panels are compatible with the Mosaic hanging accessories, which must be purchased separately.

Each Quarters accessory will require either one or two Quarters Hooks, which must be purchased separately. Please ensure that you order the correct number required.

**Additional information:**

Testing:

Quarters booths have been tested to BS EN ISO 345:2003 standards, equivalent sound absorption area test. Please speak to your Bisley representative for more information.

**BISLEY**
